

Build our First Church Capital Campaign

(Sample building)

Our new mission center will be for the following:

1. A visible 24/7 place to worship our Lord
2. A place that will be used for various ministries
3. A place to train disciples

As of 1/16 we have raised \$105,000. Our new 3 Year Campaign will include the following:

1. Member and friends pledges.
2. Founding Churches to offer support
3. Donations from people via online giving.

Mission Churches usually build too small or are crippled with too much debt. Our goal is to put up a simple metal building church that can be used for ministry and to be debt free. Land cost in Maricopa is \$100,000 an acre so we estimate our total project to cost \$1,000,000 which includes land and building.

With the ELCA having 10,000 churches and 4 million members we will trust that God will provide from the generosity of people's hearts.

1. Pledges due March 1st. Pledge form is here.
2. Online giving
